

► Medical Professionals

Camp would not be possible without the specialized care provided by our highly experienced medical team. If you are a medical professional looking for a rewarding experience, consider becoming a medical volunteer. You'll have a great time with some amazing kids!

VICTORY JUNCTION

EVERY CHILD DESERVES TO JUST BE A KID

► Camp

Founded in 2004, Victory Junction is a year-round camp in Randleman, North Carolina serving children with chronic medical conditions and serious illnesses. Victory Junction allows kids to do what they do best – play, imagine, make friends and enjoy the adventures and experiences of camp life.

Victory Junction is a member of the SeriousFun Children's Network, founded by Paul Newman, and is accredited by the American Camping Association.

► Who We Serve

Camp is available to children ages six to 16. Our campers have come from all 50 states and around the world. The Victory Junction experience is a welcome break for children who spend most of their year receiving medical treatments or attending countless hospital visits. Since opening our gates in 2004, we have served more than 50,000 campers and their family members during summer and family weekend camps, and through our Reach program at children's hospitals and Ronald McDonald Houses.

Some of the medical conditions served:

- Bleeding Disorders
- Burn Survivors
- Cancer
- Cerebral Palsy
- Craniofacial Anomalies
- Diabetes
- Endocrine Disorders
- Gastrointestinal Diseases
- Genetic Disorders
- Heart Disease
- Immunological Disorders
- Kidney Disease
- Lung Disease
- Neurological Disorders
- Physical Disabilities
- Rheumatic Diseases
- Sickle Cell Diseases
- Skin Diseases
- Spina Bifida

► Experience

Summers at Victory Junction are flat out fun! Our weeklong summer sessions are diagnosis-specific, and each session accommodates up to 128 campers. We meet the needs of each child by maintaining a ratio of one caregiver to one child, adjusted for medical needs. Counselors not only provide living assistance, but also support campers with encouragement and friendship.

Medical conditions can impact the entire family, so our spring and fall weekend sessions focus on bringing the family together to enjoy camp adventures. Each diagnosis-specific session can accommodate up to 32 families.

At camp, children can participate in activities that might be too challenging in their daily lives. Our fully assessable programs are designed to provide endless possibilities for all campers.

► Reach

The Reach program allows us to take a little camp magic to children and their families in pediatric hospitals and Ronald McDonald Houses. Age-appropriate activities and specialized programs help reduce the stress of hospital stays. Activities are carefully designed to meet the specific needs and abilities of each child, and all activities are provided in compliance with hospital policies.

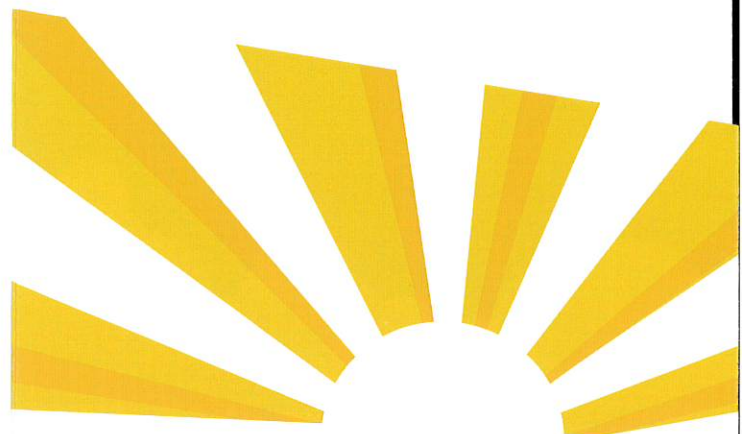

About Victory Junction

We believe that every child, no matter their illness or diagnosis, deserves to just be a kid. That's why we provide medically-safe camp experiences filled with discovery, friendship and a lot of laughter. Always at no cost to families.

► Our Program Staff

We hire nearly 100 summer employees to live at camp May through August to provide fun and exciting experiences for children. Counselors spend each week empowering campers to do more than they ever imagined. They serve as the primary role model for six to eight kids on a weekly basis. Counselors assist campers with activities of daily living, provide support at program areas, and ensure their health and safety.

► Volunteer With Us!

Few things are more rewarding than helping a child expand their boundaries and achieve things they never thought possible. Our volunteers play a large part in that process.

Victory Junction recruits thousands of volunteers for our year-round programs. The gift of our volunteers' time and talents has a tremendous impact on the lives of campers.

Volunteer opportunities are available during week-long summer sessions, as well as spring and fall family weekends.
